

HAGUE AGREEMENT

CONCERNING THE INTERNATIONAL REGISTRATION OF INDUSTRIAL DESIGNS

APPLICATION FOR INTERNATIONAL REGISTRATION

For instructions on the completion of this form, refer to the [Guide](#).

IMPORTANT

1. The international application may contain **several industrial designs (but may not exceed 100)**. However, all the industrial designs and/or products in relation to which such designs are to be used must belong to the **same class** of the International (Locarno) Classification. The list of classes and subclasses of the Locarno Classification, together with Explanatory Notes, is available on the WIPO website: <http://www.wipo.int/classifications/locarno/en/>. Refer also to footnote 1 in Item 6.
2. Where an item of this form is mandatory, it is indicated in parentheses next to its title "(mandatory)". Where an item is mandatory following a certain designation, it is indicated in a footnote at the end of the item.
3. The application must be typed.
4. **Photographs and other graphic representations** of the industrial designs should be pasted or printed directly onto a separate sheet of A4 paper, white and opaque (in compliance with instructions in the [Guide](#)).
5. **Security clearance** is required by the laws of the Russian Federation and the United States of America. It is a requirement under the law of the Russian Federation that designs created in the Russian Federation by Russian legal entities or nationals are subject to a security clearance procedure by the Federal Service for Intellectual Property (ROSPATENT) to ensure that the designs do not contain state secrets. It is a requirement under the law of the United States of America that, for designs created in the United States of America, the applicant first obtains a license from the United States Patent and Trademark Office (USPTO) before filing outside of the United States of America.

FEE CALCULATOR

6. A [Fee Calculator](#) is available on the WIPO website.

ANNEXES
